SPRING BREAK CAMP 2012

SUPPORTED BY

Raytheon

Spring into action - register for Spring Break Discovery Camp today!

Monday, March 12 - Friday, March 16

9:15am - 3pm

Before and after care available.

Spring Break **Discovery Camp** at the Museum of Nature & Science is a week-long adventure for elementary age kids to keep the learning moving full-speed ahead. With a new theme offered each day, every day unlocks a new journey. This camp is sure to capture the attention of any young scientist and incite learning inspiration.

Campers will enjoy age-appropriate instruction in the following exciting daily topics:

MONDAY: OCEAN EXPLORERS

From the depths of the ocean to the crest of the wave crashing onto land, discover what lurks beneath the water's surface, ocean science and underwater ecosystems.

TUESDAY: DIGGING & DINOS

Buried in the earth are fossils and artifacts that tell us about life before our time. Explore the study of paleontology and archeology as you unearth the past.

WEDNESDAY: OUT OF THIS WORLD

A vast sky with stars, planets, the sun and moon lies overhead. Engage in hands-on activities to find out more about the universe around us and our planet earth.

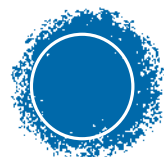

THURSDAY: BIO SCIENCE

You and I are living organisms, so are our pets, bugs, trees and even microscopic life we can't see! Learn more about biology and the study of life and living organisms.

FRIDAY: COUNTERTOP CHEMISTRY

Have you ever helped bake a cake in the kitchen or watched a fireworks show? Discover the science of chemistry through exciting experiments.
